CITY HOPE SAN FRANCISCO
ANNUAL REPORT FY 2024-2025

MESSAGE FROM PAUL

Ten years. That still feels wild to say. When we began this journey back in 2015, we didn't have a beautiful building, a big budget, or a brilliant business plan. We had something much simpler and much more powerful. **We had a belief that people matter, and that relationships change lives.**

That belief became what we now call Radical Hospitality. It's the heartbeat of City Hope. From day one, this movement wasn't built on policy or programs. It was built on people.

When we opened our Center doors in the Tenderloin, our dream was clear: **to create a living room for those without one**, a place for neighbors who felt unseen, unheard, and unloved. We hosted dinners, movies, trivia, bingo, and karaoke because **joy builds community.**

Since its inception, the City Hope House continues to be a safe, steady home for healing for 25 men and women. And since reopening after 2021, the City Hope Cafe has become a consistent anchor of connection, serving our neighbors the best coffee and pastries in town.

City Hope is what is good and growing in San Francisco. We're going all-in on what we believe because every person who walks into City Hope belongs here.

But belief doesn't work unless we work together. I am beyond grateful for each one of you who have stepped up, gotten involved, and helped us build a community with purpose. Thank you for investing in the kind of city we all want to call home.

Cheers to a future filled with healing and hope!

Peace,

Rev. Paul Trudeau

Founder & CEO

CELEBRATING A DECADE OF JOY.

In 2015, City Hope began a movement of belonging where safe, sober, and social spaces have transformed countless lives and turned strangers into family. Our celebration at the Great American Music Hall on October 17, 2025, brought together our community of guests, volunteers, donors, and partners in an unforgettable night to honor our shared successes and the future we're building together.

OUR MISSION

Social connection is a fundamental human need—our mission is to build relationships, decrease isolation, and connect vulnerable Tenderloin neighbors to community resources.

OUR VISION

All who come through our doors build and sustain a community in the Tenderloin where everyone takes steps of transformation into health and stability.

CITY HOPE COMMUNITY CENTER

City Hope Center has hosted weekly programs for a decade that not only provide nutritious, restaurant-quality meals but also directly address food insecurity and social isolation. Through Monday game nights, Wednesday movie nights, and our most popular Saturday breakfasts, City Hope is creating connection and care for our most marginalized neighbors of the Tenderloin.

COMMUNITY HERO SPOTLIGHT DANE

From the very beginning, Dane has been a steady fixture in our community, choosing to do something simple yet profoundly important: washing our dishes. His consistent presence has enabled us to continue changing lives. We were honored to recognize him and his decade of service at our 10th Anniversary celebration.

“My time interning at City Hope has invited me to recognize the power of beholding... the dignity in someone’s name, their story, their struggles and rejoicing, their humanity, and simply their company. In that kind of attentive presence, I get to join in a labor of love none of us can offer alone and a culture where boundaries exist without becoming barriers,”

McKenna Maloney, Intern

“I love that people come from so many different backgrounds, cultures, and lived experiences in this community. That’s what makes up City Hope— Radical Hospitality,”

Wayne Clark, Programs Director

CITY HOPE HOUSE

City Hope House, founded in 2016, is a transitional Sober Living Environment that provides necessary support to men and women who have completed an inpatient recovery. Residents solidify and strengthen their sobriety, develop careers, improve credit, secure housing, and rebuild relationships. Through volunteering in our Center and Cafe, they actively create meaningful connections within a healthy community.

COMMUNITY HERO SPOTLIGHT TYRONE

Tyrone's story begins with a choice to pursue a new life of sobriety, stability, and service. That commitment led him to found the City Hope House, where he has helped scores of men and women break free from despair, discover purpose, and find renewed hope. We were proud to also honor Tyrone at our 10th Anniversary celebration.

Rose El, City Hope House Resident & Volunteer

“City Hope House fills a vital role in helping people who have completed the first stage of recovery bridge the gap from early addiction to independent living. We provide a safe, drug-free, and structured environment that allows people the freedom to continue their journey and sharpen the skills that lead to a healthy, financially secure, and productive life.”

Tyrone Kelly, Resident Manager

“Living sober and learning to live life without chaos for almost three-years has been such a challenge, mostly because I didn't know anything outside of addiction, but this year and a half, **City Hope's staff, program, and environment are helping me build a backbone to live life again.**”

Pius Chaske Whirlwind-Soldier (aka, Bunny), Resident

CITY HOPE CAFE

City Hope Cafe opened in 2021 as a place of refuge and connection for our Tenderloin neighbors. We are proud to partner with local San Francisco coffee businesses including **Linea Caffè**, **DREAM Coffee**, **Sightglass**, **Verve**, **Saint Frank Coffee**, **Grand Coffee**, **Sweet Maria's**, and **Fellow**.

“The City Hope cafe is a unique space where anyone is welcome to experience the joy of being served a really good cup of coffee and a homemade pastry. The cafe provides normalcy to those who live unstable lives and don't have the opportunity to have a regular cafe experience.”
Paige MacLaren, Programs Manager

“I like that the Cafe is here first of all. I like that I can come grab a cup of tea or a latte. The people are amazing, and also the community that's manifested out of it. It is a beautiful, beautiful thing.”
Matt, Guest

“I come to this cafe to feel a sense of normalcy from the chaos that's going on around us. It's a safe place. It's a break from the monotony that's going on, and when you leave here, you feel more like a normal person.”
Joseph, Guest
